Buy in the Beautiful Gray Tract

One of the best subdivisions in San Mateo County. No adobe; the finest of soil—loam and gravel; beautiful oak trees, and situated on the Woodside road. This road is soon to be made into a beautiful boulevard. NOW is the time to buy. Only a few blocks from the new electric line. Don't let all outsiders come here and buy up the best. These lots are all 50x100 feet; no 25-foot frontage here. I want you to call at the office and I will show you what these lots are, and I would like to see our own people get in on the ground floor—not all strangers. About forty of these lots have been placed on the market for \$250 each; 10 per cent cash, remaining payments to suit purchaser.

The granting of the permit to the Stauffer Chemical Company for a spur track on Chestnut street means much to Redwood City. It is the connecting of the railroad with the water front, thereby giving manufacturers an opportunity of shipping either by rail or water and getting their product to market the cheapest possible way. Already a manufacturer of San Francisco has purchased 500 feet of water front property, and the White Machine Company will locate there. Besides, other large concerns will establish plants. The land along the water front has become very valuable and the building of the spur track will make it more so. With the coming of these concerns Redwood City is certain to grow rapidly, outstripping any town in the peninsula.

There has been considerable complaint lately about the all-night opening of saloons in town, particularly Saturday nights. It is alleged that too many permits are granted and that the city has the appearance of a wide-open town and that there are boisterous noises. We think the saloon-keepers, for their own protection, should agree upon a certain number of permits each month and let each saloon have its pro rata, and but few be issued on Saturday evenings. This would prevent criticisms and give the town a respectable appearance.

Congregational Church Fair

The Congregational church fair opened Thursday evening in the Alhambra and it was crowded to the doors with those who attended. The two act comedy "Mr. Bob" was produced in a manner seldom equaled by amateurs. The actors knew their parts thoroughly, were completely at ease in the presence of the large audience and did themselves and the play full justice as was evidenced by the bursts of laughter which greeted their efforts in the many funny situations with which the play abounds. The cast was strong and it would be hard to decide who carried off the honors. Miss Rebecca Luke, a maiden lady with a fondness for cats, was portrayed well by Mrs. C. H. Turner. Mrs. F. H. Thorpe, as Katherine, and Miss Alma Nobs as Marion, her college chum were at home in their parts as two mischievous college girls. Miss Jessie Turner, as Patty, the stage struch maid, and her Romeo, Mr. W. A. Shrewsbury as a staid English butler, made good in their parts. Mr. Elmer Turner, as Robt. Brown of the law firm of Benson & Benson, was very good and acted his part well in carrying through the many situations in which he figured, and Mr. Emil Kalesche, as the bluff and hearty medical student, was very strong and rose to the occasion when he found himself burdened with two of his Aults pet cats.

Game Reported Scarce

Of late there has been many complaints by hunters that game is being killed out of season. The game hog is still abroad and should be apprehended. The true sportsman who waits until the season opens finds game scarce because the law violators have done their deadly work. Several wardens have been appointed recently and poachers had better be on the look out for if caught they will get the full extent of the law.

Marriage Licenses

The following marriage licenses were issued from the county clerk's office during the week:—
Fred N. Veeder and Miss Dora Martzloff, both of San Francisco.
Frank Enos and Rosie Ventura, both of Halfmoon Bay.

A marriage license was issued from the county clerk's office of San Francisco Wednesday to George Lagomarsino of Colma and Millie Bignotti of 1611 San Jose Avenue.

Realty Company Reports Big Business—Sewer System Installed

Superintendent of Schools, Roy W. Court, wife and young son are spending a week at Auburn visiting relatives.

Mr. and Mrs. E. E. Bates, of San Jose, spent three days this week visiting their daughter, Mrs. L. E. Harris, in this city.

There were two excursions of prospective real estate purchasers here Sunday. It is reported that 37 lots were sold in North Fair Oaks and 57 in Dumbarton. Property in these two subdivisions is selling rapidly. It is well advertised, it pays to advertise.

Joe Simpson, a familiar figure in this county for a number of years past, and despite the fact that he is a cripple has made a living by the laborious work of wood chopping, is endeavoring to get a start to engage in poultry raising. Mr. Simpson was afflicted with cancer, but by a surgical operation, which removed a large part of the lower jaw, the disease was eradicated. Then, while following the sea he fell from a mast and shattered his kneecap, crippling him for life. He has been in the upper part of the valley visiting friends and may interview some of the business people for the purpose indicated. He appears to be a very worthy citizen and his endeavors to gain an independent livelihood should be encouraged by those in a position to assist him.

W. E. Desmond of San Francisco was a local visitor recently. Mr. Desmond enjoys a day's shooting, and in company with his friend, Still Sears, he paid a visit to the County Clerk's office to procure a hunter's license. In filling out the blank form he became puzzled when he came to this question: "Height?—feet." He inquired of Mr. Nash why he should give the size of his feet. The County Clerk informed him that the question would have to be answered in order to obtain the tag. "Well, I guess the State authorities have an object in asking the question. I suppose it is to help out the game warden." He gave his height as 5 feet and the size of his shoes as No. 6.

W. H. Kinne has purchased a lot in the Finger tract on which he intends to erect a handsome home. There are only five more lots in the tract left to be sold.

Mmanuel Carlos, an employee of Chas. Emmett of Belmont, was operated for appendicitis at the Underwood sanitarium this week. He is getting along nicely. Fred Romero, who was operated on some time ago at the sanitarium is rapidly improving.

J. B. Perry, of the Redwood City Lumber Company, has purchased the Cronin property on Heller street. Hall C. Ross has filed his case, bill amounting to \$40 in the case of E. Herron against C. F. Foster. We were mistaken in the last issue of the Times-Gazette in saying that Mr. Ross was assisted at the trial by assistant U. S. Attorney A. P. Black. On the contrary he won the case single handed and alone. Mr. Black, C. N. Kirkbride and Leslie Johnson were pitted against him. Mr. Ross secured judgment for the entire amount he sued for, \$299.99.

Mr. Wehe, one of the members of the syndicate that recently bought the Dingee property, was in town Tuesday. He says the property will be subdivided by November 15. All the front lots will have a 100 foot frontage and the foot hills will be sold in acreage. He says there is certain to be a big rush for the rolling land for there is a large number of inquiries already for the property.

The syndicate which is selling the Dumbarton property have purchased the Hobart place which was framed for years by Henry Scien. It is to be subdivided at once and Henry McGarvey has the contract to tear down all the old buildings. A large dining hall is to be erected for the accommodation of excursionists who will be here every Sunday.

Don't fail to see the First National Bank's new ad. It will interest you.

Smokers still concede that the Golden Eagle and Oakwood cigars are the best ten cent smoke in town. They are made of the best tobacco by George Wiechring, proprietor of the Red Front cigar store. If you want a delicious smoke try one.

Razors \$1.00. Pocket knives, manicure scissors, nail files, at Walsh's Drug Store, No. 12 A street.

A. J. Elmes, the station agent here departed Wednesday for England accompanied by his wife and mother. They will be absent for two months.

There was born to Mr. and Mrs. Charles Schmirer of San Jose last week a baby boy. Mrs. Schmirer was formerly Miss Lily Rumble of this city.

Two handsome statues have been placed in the sanctuary of Mt. Carmel church. That of the Sacred Heart was imported from Paris and is a fac-simile of the monument statue. The statue of St. Joseph

was imported from Munich. Both are works of art of a high order.

The Redwood City Ball Team will play a championship game with the Gantner and Materns of San Francisco on Sunday October 6th. The proceeds of the game will be donated to the Catholic church fair.

The route of the electric railroad at San Carlos is to be changed. Originally it was to run between the pumping works and the Southern Pacific tracks. There is a narrow strip there that will admit only one track. Surveyors are now at work surveying back of the pumping plant on the Hull property. This is a significant move on the part of the Southern Pacific Company as it is evident it contemplates constructing more tracks on the main line to accommodate its heavy passenger travel.

Bay View Lodge i. O. O. F. has accepted an invitation from the Congregational church to attend services on October 6 in commemoration of the institution of the Lodge. The society was organized in 1882. Many of the first members have long since passed to their eternal rest.

The Redwood City Baseball team showed up in splendid form last Sunday and in a rattling good game defeated the Wiley B. Allens of San Francisco by a score of 2 to 1. It was an interesting contest from start to finish. Tomorrow the local nine will contest with the Lovers of San Francisco. This team has defeated the Mountain View and has won victories over all the ball teams of the Peninsula. Therefore the game tomorrow will be of more than usual interest. The Redwood team are in fine condition and prepared to play good ball. Bets are even that the visitors go to defeat by the prowess of the home ball tossers.

The largest amount of business done in any month since 1904 when the Redwood City Realty Company was formed, is reported to have been transacted by them in August, with every prospect of that record being beaten this month.

In another column the Redwood City Realty Company are calling for bids for 76,430 feet of cement sidewalk in Wellesley Park. Local people who have heretofore considered this property too high are now beginning to realize that they are getting good value for their money. As a proof of which over \$20,000 have been invested there by local people during the last month.

The Wellesley Park sewer system together with side sewers to each lot has just been completed in a most satisfactory manner by the contractor Mr. Wm. Heafey of Oakland. When the culverts, curbing and macadamized streets are finished this splendid tract will be second to none on the Peninsula. The balance of the improvements will be rushed to completion as soon as possible. Moral, go to it and buy while the prices are low.

There is a movement on foot by the telephone company to have all the territory between here and the San Francisco creek included in the Redwood district and have all the switching made here. The office here will be enlarged. The Titus building, now being repaired will be occupied by the office force. The Palo Alto branch has been giving such poor service lately that something had to be done to hold the business.

Mrs. J. Kearse has received a green leather cushion from Ireland for the ladies fair for the benefit of Mount Carmel church. It is on exhibition in P. A. Ryan's window. It's a beauty.

Builder's Contracts Filed

The following builder's contracts were filed in the recorder's office during the week:

Waller Brothers of San Mateo agree to erect a five room dwelling in 90 working days for W. J. Fleming and Mary Fleming on their property in San Mateo Park for \$2485.

A. E. Hargraves agrees to erect a nine-room, two-story building for A. F. Hess on lot 14 in block 22, Easton addition No. 2, Burlingame, for \$3,500.

Charles W. Gompertz of San Francisco stipulates to build a two story stable for Abraham Sterns on his property at Fair Oaks for \$7000. There is no time limit to the contract.

White Brothers of Burlingame contract with Teresa Chevalier of San Francisco to erect in seventy-five days a one story frame dwelling with rough basement on lot 3, block 15, Burlingame for \$2930.

Getting Ready for Duck Season.

CITY COUNCIL GRANT PERMIT

For Spur Track Along Chestnut Street

CITIZENS DONATE THE COIN

To Help Pave That Thoroughfare and All Objections Are Withdrawn

The City Council took a step in the right direction Monday night when it unanimously voted to grant the petition of the Stauffer Chemical Company to construct a spur track from the main line of the Southern Pacific along Chestnut street to the Salt Works.

The petition had been hanging fire for some time, the Council refusing to grant it on the ground that certain property owners on the street would suffer injury. The Council thought by way of recompense that the Stauffer Chemical Company should improve the street and thus relieve these property owners. They argued that this was but a fair proposition. The improving of the highway in question has been the bone of contention between the Council and Company. It was finally disposed of by the business men who raised a sufficient sum to macadamize the street.

The matter was presented to the trustees by F. H. Thorpe who read the Stauffer Chemical Company's petition.

Then followed the reading of the names of the property owners who claimed no damages.

Mr. Thorpe presented the Stauffer's petition which is as follows:—

To the Honorable Board of Town Trustees of the Town of Redwood City, California, Gentlemen: We the undersigned, hereby respectfully petition your Honorable Board for a permit to lay and maintain a single track spur track on and along Chestnut street in your city from the right of way of the Southern Pacific Company to the lands of the undersigned, which track is to be used for the purpose of transporting freight to and from our premises to the railroad.

It is our intention, if said permit be granted, to construct and erect up on our property a soda-ash plant in which will be employed about forty white men who will be a desirable addition to your community. Said track to be laid and maintained flush with the surface of said street and so as to offer no obstacle to the free use of said highway by teams.

We will contribute, for the sub-grading and macadamizing of that portion of said street occupied by us from the right of way of said railroad to Stambaugh street, the sum of seven hundred dollars, which we will turn over, or pay to the proper authority when required for use, in so improving said street.

Dated: San Francisco, Cal., September 6th, 1907

Mr. Thorpe then went on to state that an estimate has been made by Jas. V. Neuman, acting city engineer, of the cost of grading and macadamizing Chestnut street, from the railroad to Stambaugh street, setting the amount at \$2,000.

After receiving the figures of the engineer, Mr. Thorpe said, he began a canvass of the town and the following citizens subscribed from five to fifty dollars each: Fitzpatrick, D. E. O'Keefe, Rice & Dosee, F. J. Verdier, James Hannon, Thos. Tuile, E. F. Schumacher, Dr. W. M. Barret, A. D. Walsh, P. P. Chamberlain, James Crowe, Wm. Jamieson, Chas. Luscher, J. V. Swift, A. E. Hofen, C. M. Uhlenberg, Geo. H. Leary, Henry Marcus, J. A. Genocchio, E. P. Heise, R. C. Holmquist, G. Einstein, F. Miller, H. W. Tavernier, Wilson & Green, P. A. Ryan, Wm. Hughes, Carl Muller, H. W. P. P. Chamberlain addressed the Council explaining that he was one of a committee of the Board of Trade to confer with the Water Committee of the trustees. However no conference has been held. The other members of the committee, T. C. Rice and George Winter, and himself visited Mountain View and inspected the water works which were recently erected and was heartily in favor of similar new steel tanks put up in different parts of the town to insure remote residences a good water supply. He also favored a bond election to raise funds for the construction of a respectable town hall. He felt sure the taxpayers favored a new town hall and improved water works.

Numerous suggestions were made and discussed until Trustee Hynding's motion that the matter of issuing bonds for \$20,000, (\$10,000 for a city hall and \$20,000 for im-

provement in the water system) be submitted to the people for consideration, was carried.

Mr. Cumberson asked the board to extend the water mains along Roosevelt avenue before it is graded and macadamized.

Street Superintendent Dickey was instructed to lay 6 inch pipe on Roosevelt avenue as far as the present finances would allow.

Curbs were ordered put in on Jefferson street from the county road to Blaine street, and on county road from Jackson to Jefferson street.

MORRIS SUIT SETTLED

For a Money Consideration Alice Agrees to Let Bobby Alone

The suit entitled Alice E. Morris against Robert H. Morris that has been pending in the superior court calendar for a long time was settled Thursday when a compromise was effected. Quite an interesting story is disclosed by the suit. In April 1888 Alice E. Douglass, daughter of Judge Douglass a former well known resident of this county, was united in marriage to Robert H. Morris who was then employed on the Stanford Stock farm as harness maker when the farm was in its palmy days. Morris was a hale fellow well met and the couple were happy. Four children were born to them. On April 1897 Morris deserted his wife and children and left for parts unknown. They were penniless and the wife had a hard struggle to provide for the children. On February 9th, 1899 Mrs. Morris secured a divorce and was awarded the custody of the children and all money to the amount of ten dollars per month. Morris failed to pay the alimony and some time ago she found his address and at once began suit for the back alimony amounting to \$1000. She attached his property in San Francisco and began a bitter legal struggle. He put up a strong fight but he might have fared badly had not a compromise been reached. She accepted \$200 and released the lien. It appears that Morris after leaving here went to one of the Northern counties of the state and prospered and married a wealthy woman. He acquired three parcels of property in San Francisco that are very valuable and has plenty ready cash. He did not appear here but was defended by Attorney Farari of San Francisco. Mrs. Morris is married to Mr. Yoder and resides in Palo Alto.

Suit to Annul Marriage

James Michael Callan has commenced a suit in the superior court against his wife, Emma Matilde Callan, for an annulment of their marriage. The couple were married in San Francisco on August 25th, 1895 and have resided in Colma. On April 17th, 1906, the day before the earthquake, Mrs. Callan, without provocation, willfully abandoned her husband and since then they have been living apart. The couple have no children. The plaintiff is a member of the well known Callan family who have resided in Colma for many years.

Adjudged Insane

J. J. O'Brien, who has been an inmate of Gardner's sanitarium, for some time, was adjudged insane in the superior court Thursday and was committed to Agnews Insane asylum. O'Brien was at one time a prominent drygoods man of San Francisco, being head of the firm of the J. J. O'Brien Company. The house carried the largest stock of dry goods in San Francisco. He lost everything he had by the fire. He is daffy on religion. He declares he shook hands with St. Peter, chatted with the Ruler of the universe, and had a long conference with the mother of God.

See Proof of New Schedule

Proof of the new time schedule of the Southern Pacific Company, which is to go into operation at the opening of the new Bay-shore cutoff, has been seen by several commuters here. The schedule will go into effect October 15th. There will be 38 trains each way between San Jose and San Francisco, giving practically a half-hour service during the business hours of the day. The time between San Francisco and Redwood City will be reduced nearly 25 minutes. The trip can be made to the City in about 35 minutes on the fast trains.
